Approaches to Teaching
WORLD LITERATURE

**Approaches to Teaching Faulkner's
*As I Lay Dying***

Edited by PATRICK O'DONNELL and LYNDA ZWINGER

"This volume of essays on *As I Lay Dying* will fill a longtime need for teachers and students of Faulkner. The editors have provided us with an aid that should help both new teachers and veterans to teach it more fully and effectively."

—Gail L. Mortimer,
professor emerita of English,
University of Texas, El Paso

As I Lay Dying is considered by many both the most enigmatic and the most accessible of Faulkner's major works. Teachers will find suggestions for course design, in-class exercises, and assignments to help students explore a variety of themes, including death and mourning, the role of the mother, work, and the relation between nature and culture.
