The Complete Prose of T. S. Eliot gathers for the first time in one place the collected, uncollected, and unpublished prose of one of the most prolific writers of the twentieth century. The result of a multi-year collaboration, this eight-volume critical edition dramatically expands digital access to material that has been restricted or inaccessible in private and institutional collections for almost fifty years. The first two volumes will be made available on Eliot’s birthday, September 26, 2014, with pairs of subsequent volumes scheduled for release in successive years.

Apprentice Years, 1905–1918
Volume 1
edited by Jewel Spears Brooker and Ronald Schuchard
Apprentice Years, 1905–1918 includes all surviving prose from Eliot’s years as a student and from his first three years as a literary journalist. Spanning the most formative period in his life, the collection begins with a story composed when he was a sixteen-year-old student at the Smith Academy in St. Louis and ends with a review published when he was thirty and an established man of letters in London.

The Perfect Critic, 1919–1926
Volume 2
edited by Anthony Cuda and Ronald Schuchard
The Perfect Critic, 1919–1926 documents Eliot’s emergence as an authoritative and commanding critical voice in twentieth-century letters. The essays and reviews in this volume trace the swift and astonishing arc of his rise to international prominence. These seven years register the seismic shift in modern poetry that comes with the publication of The Waste Land (1922), and they witness the appearance of Eliot’s first collected volume of verse, Poems, 1909–1925 (1925).

**Approaches to Teaching Behn’s Oroonoko**

Edited by Cynthia Richards and Mary Ann O’Donnell

“Oroonoko is an excellent choice for this series because of its popularity in an exceptionally broad range of college and university courses, and this volume does an excellent job presenting the scholarly and pedagogical diversity used in teaching the work.”

—Richard Frohock

Oklahoma State University

---

Once merely a footnote in Restoration and eighteenth-century studies and rarely taught, *Oroonoko; or, The Royal Slave* (1688), by Aphra Behn, is now essential reading for scholars and a classroom favorite. It appears in general surveys and in courses on early modern British writers, postcolonial literature, American literature, women’s literature, drama, the slave narrative, and autobiography.

Approaches to Teaching Shakespeare’s
The Taming of the Shrew

Edited by Margaret Dupuis and Grace Tiffany

“This collection is essential reading for beginning instructors and seasoned veterans. The editors should be commended for making available such a useful and rich array of pedagogical strategies.”

—Katherine Scheil
University of Minnesota

This volume offers practical advice to teachers of The Taming of the Shrew while illuminating how the play’s arguments regarding marriage and a host of other subjects—early modern education, rhetoric, intergenerational and class politics—are brought to life in college classrooms.

Genre is devoted to the study of the codes, conventions, and histories of generic forms in the context of their cultural manifestations and effects. It publishes articles that deal with questions of genre in both literary and nonliterary forms, that apply a broad range of disciplinary and interdisciplinary approaches to genre, or that consider theoretical, institutional, or political dimensions of discourse.
