Approaches to Teaching
Chaucer’s Canterbury Tales
SECOND EDITION

Edited by Peter W. Travis
and Frank Grady

“A worthy and needed successor to the 1980 edition, this volume charts in comprehensive fashion the goals that Chaucerians now have when they teach The Canterbury Tales and the methods they have devised to achieve them.”

—Warren Ginsberg
Knight Professor of Humanities
University of Oregon

This second edition of Approaches to Teaching Chaucer’s Canterbury Tales reflects the wide variety of contexts in which students encounter the poem and the diverse perspectives instructors use to teach it. Perennial topics such as class, medieval marriage, genre, and tale order rub shoulders with considerations of violence, postcoloniality, masculinities, race, and food in the tales.

Approaches to Teaching the Works of John Dryden

Edited by Jayne Lewis and Lisa Zunshine

“Dryden is a major figure of the Restoration, writing in almost all of its important genres. This volume is a valuable addition to the series.”

—James Evans, University of North Carolina, Greensboro

Which John Dryden should be brought into the twenty-first-century college classroom? The literary theorist? The translator? The playwright? The poet?

This volume in the MLA series Approaches to Teaching World Literature addresses the tensions, contradictions, and versatility of a writer who, in the words of Samuel Johnson, “found [English poetry] brick, and left it marble,” who was, in the words of Walter Scott, “one of the greatest of our masters.”

In this interdisciplinary and comparative work, Jinny Huh investigates anxieties about race in African American and Asian American narratives of passing and detection in law, science, literature, technology, and popular culture.

Performatively Speaking
Speech and Action in Antebellum American Literature
Debra J. Rosenthal
$24.50 | PAPER
Drawing on speech act theory as an approach to antebellum American fiction by Melville, Hawthorne, Stowe, and others, Debra Rosenthal shows how words in this literature not only represent action but also constitute it.
