Theory, Culture & Society

Explorations in Critical Social Science

Editor Mike Featherstone Nottingham Trent University, UK

"Theory, Culture & Society has played an exemplary and indispensable role in opening up new vistas on interdisciplinary knowledge. The journal has been at the forefront of cultural studies in its many manifestations, and academics and intellectuals the world over are deeply indebted to the role it plays in expanding our horizons" - Homi K Bhabha

Launched in 1982 to cater for the resurgence of interest in culture within contemporary social science, Theory, Culture & Society provides a forum for articles which theorize the relationship between culture and society.

Theory, Culture & Society is at the cutting edge of recent developments in social and cultural theory. The journal has helped to break down some of the disciplinary barriers between the humanities and the social sciences by opening up a wide range of new questions in cultural theory.

Theory, Culture & Society builds upon the heritage of the classic founders of social theory and examines the ways in which this tradition has been reshaped by a new generation of theorists. The journal regularly features papers by and about the work of a wide range of leading social and cultural theorists such as:

• Adorno • Baudrillard • Beck • Bell • Bourdieu • Butler • Deleuze • Douglas
• Elias • Foucault • Gadamer • Goffman • Giddens • Habermas • Horkheimer
• Luhmann • Lyotard • Simmel • Touraine • Virilio • Weber
