East Asian Science, Technology and Society (EASTS) is an interdisciplinary, quarterly journal based in Taiwan and coedited by editorial boards in Japan, South Korea, and the West. EASTS aims to provide an international platform for STS scholars around the world to share ideas, knowledge, and research results. EASTS promotes STS studies from and to the East Asian and worldwide STS communities. The journal’s issues contain research and commentary on how society and culture, and the dynamics of science, technology, and medicine, are mutually shaped and coproduced. The journal publishes studies from the field of science, technology, and society (STS) and the field of science and technology studies (S&Ts). It includes research papers, reviews, book reviews, and critical notes.
