Twentieth-Century Literature

Now published by Duke University Press.

Focusing on literary-cultural production emerging from or responding to the twentieth century, broadly construed, Twentieth-Century Literature offers essays, grounded in a variety of approaches, that interrogate and enrich the ways we understand the literary cultures of the times. This includes work considering how those cultures are bound up with the crucial intellectual, social, aesthetic, political, economic, and environmental developments that have shaped the early twenty-first century as well.

Comparative Literature

The oldest journal in its field in the United States, *Comparative Literature* explores issues in literary history and theory. Drawing on a variety of theoretical and critical approaches, the journal represents a wide-ranging look at the intersections of national literatures, global literary trends, and theoretical discourse.
