POLITICAL AND ECONOMIC MIGRANTS IN AMERICA
Cubans and Mexicans
By SILVIA PEDRAZA-BAILEY
Providing important insights into public policy, the author examines the functional roles of immigration by looking at two immigrant groups, Cubans and Mexicans. Supported by rigorous analysis of census data for Cubans and Mexicans who immigrated to the United States between 1945 and 1970, her conclusions shed new light on cases of donor and host states and the larger public concerns. $27.00 hardcover.

LANDOWNERS IN COLONIAL PERU
By KEITH A. DAVIES
This, the first study to examine the agrarian history of a region in South America from the mid-sixteenth through the late seventeenth century, explains how and why rural property achieved its importance. This challenging book emphasizes both the capitalist bent of Hispanics and the manner in which wealth served social aspirations. James Lockhart calls it “impressive in scale and a major contribution to Latin American history.” $22.50 hardcover

THE LOWLAND MAYA POSTCLASSIC
Edited by ARLEN F. CHASE and PRUDENCE M. RICE
“A turning point in the study of an area and a time that are crucial to our knowledge of the Maya before and during the conquest.”
—George Stuart, National Geographic Society
Through archaeological investigation and analysis as well as evaluation of ethnohistoric data, this volume presents an entirely updated picture of Postclassic Maya civilization in the Southern Lowlands. $27.50 hardcover

THE TEXAS-MEXICAN CONJUNTO
History of a Working-Class Music
By MANUEL PEÑA
“Outstanding. One of the most significant and timely works in the corpus of literature concerning traditional music of Chicanos, Mexicans, and Latin Americans.”
—Daniel Sheehy
Examines the development and cultural importance of the highly popular and distinctive type of accordion music, known as conjunto, in Texas-Mexican society. $19.95 hardcover $8.95 paperback

Readings in Latin American History

Volume I   The Formative Centuries
Edited by Peter Bakewell, John J. Johnson, and Meredith D. Dodge

Volume II   The Modern Experience
Edited by John J. Johnson, Peter Bakewell, and Meredith D. Dodge

"An excellent companion text for undergraduate survey courses on modern Latin America. A remarkably diverse and important array of issues receive treatment . . . analyzed in a highly perceptive and literate fashion."
—Paul W. Drake, University of California, San Diego

"This valuable piece of scholarship brings together the best of the current scholarship."—John Jay TePaske, Duke University

Selected from leading academic journals and books on Latin America, the articles in these volumes span the entire history of this region from the time of the first contact by Hispanic explorers with the great Indian empires, through the formation and eventual dissolution of the colonial system, to the widespread ideological and developmental conflicts of the modern period.

THE CENTRAL AMERICAN CRISIS: Sources of Conflict & the Failure of U.S. Policy

Edited by Kenneth M. Coleman & George C. Herring

What are the roots of the ongoing revolutions in Central America? What role has the United States played in these conflicts? Why is our present policy helping to fuel the growing crisis, and what alternative policies would better serve the long-range interests of both the Central American nations and the United States? This book offers a critical examination of these questions, with contributions by the editors, Walter LaFeber, Abraham Lowenthal, Daniel Oduber, and other Latin American specialists.

"Invaluable to scholars interested in inter-American relations." —Federico G. Gil, Kenan Professor of Political Science, Emeritus, University of North Carolina

"Sharp political analysis and excellent history provide a comprehensive introduction to the crisis." —Thomas G. Paterson, Professor of History, University of Connecticut

Politics, Policies, and Economic Development in Latin America edited by Robert Wesson

There are as many approaches to the linkage of politics, policies, and economic development in the Third World as there are political tendencies. The essays in this volume consider the varying experience of Latin American countries, which have experimented with varying policies oriented toward or away from state intervention in the economy.

- Chile: Free-Market Authoritarianism, by Paul E. Sigmund
- Argentina: the Frustration of Ungovernability, by Gary W. Wynia
- Uruguay: Military Rule and Economic Failure, by Martin Weinstein
- Brazil: Political Determinants of Development, by Werner Baer
- Peru: Military and Civilian Political Economy, by David Scott Palmer
- Colombia: National Front and Economic Development, by Bruce Michael Bagley
- Venezuela: Democratic Politics of Petroleum, by John D. Martz
- Jamaica: Alternative Approaches, by W. Raymond Duncan
- Costa Rica: Problems of Social Democracy, by Robert Wesson

Guerrilla Warfare
By Che Guevara
With an introduction
and case studies
by Brian Loveman
and Thomas M. Davies, Jr.

This new edition makes available once more the authorized (1961) translation of Guerrilla Warfare by J. P. Murray and includes two later pieces by Guevara, "Guerrilla Warfare: A Method" (1963) and "Message to the Tricontinental" (1967), which modify some of his earlier tenets. In seven major essays focusing on Guatemala, Venezuela, Colombia, Peru, Bolivia, Nicaragua, and El Salvador Loveman and Davies scrutinize, in the light of Guevara's pronouncements, guerrilla movements influenced by his work.

BETWEEN SLAVERY AND FREE LABOR
The Spanish-Speaking Caribbean in the Nineteenth Century
edited by Manuel Moreno Fraginals, Frank Moya Pons, and Stanley L. Engerman

Fourteen leading scholars from Cuba, the Dominican Republic, Puerto Rico and the United States explore the period of transition from slavery to free labor in the Spanish-speaking Caribbean—and examine the startlingly rapid transformation of the forms of sugar production and trade upon which the economy of the region was based.

Johns Hopkins Studies in Atlantic History and Culture

$30.00

CARIBBEAN CONTOURS
edited by Sidney W. Mintz and Sally Price

Eight leading scholars in the humanities and the social sciences survey the history, politics, economics, demography, and culture of the Caribbean to provide an authoritative yet accessible introduction to this complex and geographically fragmented region.

Surgery and Spanish Medical Reform in the Late Eighteenth Century
Michael E. Burke

"Burke's study is based on extensive and obviously careful archival research. It is valuable in making detailed information on Spanish medicine available to a wider audience of historians. Very little has been written in English on this subject and period, and Spanish historians of medicine have generally not attempted to relate medicine and society in the way achieved by Burke. This work makes it possible for useful and informative comparisons to be made with developments in other European countries and Great Britain and adds much to our overall knowledge of professional organization and education in the eighteenth century." American Historical Review

"The scholarly qualities of this volume are of a very high order. . . . Analysis is sound and the writing style is direct and clear . . . This is a superior work which well deserves the compliment of being placed within the literary tradition of the distinguished author of the introduction, the late Professor John Tate Lanning." Hispanic American Historical Review

"Burke's study of the introduction of modern surgical education in Spain is of value for the history of science in general and for that of Spain in particular and, because colonial institutions were patterned after and controlled by metropolitan ones, is suggestive with regard to Spanish America." The Americas

THE MIXTECS IN ANCIENT AND COLONIAL TIMES
By Ronald Spores
An invaluable contribution to the constantly unfolding story of Mesoamerica before and after the Conquest, this book traces the evolution of Mixtec society from the establishment of villages in the Mixteca around 1500 B.C. to the end of the Spanish colonial period in A.D. 1820. It integrates the author's and others' archaeological and historical research to bridge the gap between prehistory and history.
Volume 168 in The Civilization of the American Indian Series.
304 pp., 85 maps & illus. $27.50

THE CONQUEST OF MICHOACAN
The Spanish Domination of the Tarascan Kingdom in Western Mexico, 1521-1530
By J. Benedict Warren
This absorbing book describes the first contacts between the Tarascan culture and the Spanish who occupied their region. The author reveals the complicated motivations and influences that led to the death of the young, inexperienced Tarascan monarch, who was tried in a Spanish court and executed by garrotte and fire.
400 pp., 25 illus., map. $27.50

THE ZAPOTECS
Princes, Priests, and Peasants
By Joseph W. Whitecotton
"A remarkable work, unobtrusively but thoroughly documented and highly readable."
—The Americas

"Best summary we have of Zapotec culture in the valley of Oaxaca."
—American Indian Quarterly

Volume 143 in The Civilization of the American Indian Series.
352 pp., 69 illus., 9 maps. $9.95 paperback

TREATISE ON THE HEATHEN SUPERSTITIONS
That Today Live Among the Indians Native to This New Spain, 1629
By Hernando Ruiz de Alarcón
Translated and edited by J. Richard Andrews and Ross Hassig
In this fine and original piece of scholarship the editors have translated into English Ruiz de Alarcón's Spanish text, reproduced his Nahua letter, translated into English his Spanish translation of the incantations, rewritten the Nahua into a standard form, and made a new translation from this rewritten version. They have also supplied a lengthy introduction and six valuable appendices.
Volume 164 in The Civilization of the American Indian Series.
540 pp., 3 illus., map. $48.50

The Royal Protomedicato
The Regulation of the Medical Profession in the Spanish Empire
John Tate Lanning
Edited by John Jay TePaske

"Scholars will welcome publication of this book, because it makes available an enormous amount of archival material of much interest. . . . Fascinating and quite illuminating. . . . It is not likely to be duplicated by anyone else in the foreseeable future."—Michael McVaugh, University of North Carolina, Chapel Hill

The royal protomedicato were boards of licensed physicians that certified medical practitioners and regulated medical practice in the larger cities of Spain and the Spanish Empire. Jurisdiction of the protomedicato over medical affairs brought with it deep involvement in related social and political arenas. Social, institutional, and medical history, The Royal Protomedicato reveals much that is new not only about the regulation of medical practice in the Spanish Empire, but also about Spanish colonial institutions and colonial society.
