Aztecs on Stage presents accessible English translations of six seventeenth and eighteenth-century Nahuatl plays. All are based on European dramatic traditions, such as the morality and passion plays; indigenous actors played the roles of saints, angels, devils—and even the Virgin Mary and Jesus Christ. Louise M. Burkhart’s engaging introduction places the plays in historical context, while stage directions and annotations in the works provide insight into the Nahuas’ production practices, which often incorporated elaborate sets, props, and special effects including fireworks and music.
