## Ethnohistory

Volume 66, Number 4  
October 2019

*The Journal of the  
American Society for Ethnohistory*

Mesoamerican Experiences of Illness and Healing

*Katie Labelle and  
Robert C. Schwaller, editors*

*The official journal of  
the American Society for  
Ethnohistory*

*Ethnohistory* reflects the wide range of current scholarship inspired by anthropological and historical approaches to the human condition. Of particular interest are those analyses and interpretations that seek to make evident the experience, organization, and identities of indigenous, diasporic, and minority peoples that otherwise elude the histories and anthropologies of nations, states, and colonial empires.
