

NOVEL

A FORUM ON FICTION

Nancy Armstrong, editor

*The official journal of
the Society for Novel Studies*

Concerned with the novel's role in engaging and shaping the world and with promoting critical discourse on the novel, *Novel* publishes significant work on fiction and related areas of research and theory. Special issues on the early American novel, eighteenth-century fiction, and postcolonial modernisms carry on *Novel's* long-standing interest in the Anglo-American tradition, while an issue dedicated to the contemporary African novel demonstrates the journal's increasingly global focus.
