*TRANSGENDER STUDIES* Quarterly

*Paisley Currah and Susan Stryker, editors*

*TSQ* offers a venue for interdisciplinary scholarship that contests the objectification, pathologization, and exoticization of transgender lives. Its mission is to examine how “transgender” comes into play as a category, a process, a social assemblage, an increasingly intelligible gender identity, and an identifiable threat to gender normativity.

The first few issues will address the cultural production of trans communities, critical analysis of transgender population studies, transgender biopolitics, and problems of translating gender concepts and practices across linguistic communities.
