Sensible Politics
THE VISUAL CULTURE OF NONGOVERNMENTAL ACTIVISM
EDITED BY MEG MCLAGAN AND YATES MCKEE

This book considers the constitutive role played by aesthetic and performative techniques in the staging of claims by nongovernmental activists. Drawing on the work of a diverse group of contributors, from art historians, anthropologists, and political theorists to artists, filmmakers, and architects, Sensible Politics situates aesthetic forms within broader activist contexts and networks of circulation and in so doing it offers critical insight into the practices of mediation whereby the political becomes manifest.

The Demon of Writing
POWERS AND FAILURES OF PAPERWORK
BY BEN KAFKA

This book offers a critical history and theory of one of the most ubiquitous, least understood, forms of media: paperwork. Although states rely on records to tax and spend, protect and serve, discipline and punish, time and again this paperwork proves to be unreliable. The Demon of Writing reveals the powers, complexities, exasperations, failures, and even the pleasures of paperwork.

Common Knowledge is devoted to what its editors have termed “civilian scholarship.” Its mission is to open lines of communication between the academy and the community of thoughtful people outside its walls. Challenging the ways we think about theory and its relevance to humanity, the journal has turned its attention to such varied topics as peace studies, the conciliation of worldviews, and vernacular language of the later Middle Ages.
