Africa in Comparison
Peter Geschiere
“Working with a large canvas, moving across space and time, Geschiere paints a brilliant and unsettling portrait of the perils of intimacy at the heart of witchcraft imaginaries. A work that will change the field once more.”

The Democratic Surround
Multimedia and American Liberalism from World War II to the Psychedelic Sixties

“This is the true story of how a small group of artists and anthropologists set out to create an alternative to fascism during World War II—and ended up setting the stage for the consumer-driven, media-saturated world we inhabit today. A gripping, well-balanced, and surprising history.”
