FAMILY VALUES
Between Neoliberalism and the New Social Conservatism
by Melinda Cooper

In a series of case studies from Clinton’s welfare reform to the AIDS epidemic, from same-sex marriage to the student loan crisis, Melinda Cooper examines the pivotal alliance between free-market neoliberals and social conservatives on the discourse of family values.

“With devastating effectiveness, Cooper returns kinship and intimacy to their central place in the postwar ordering of economy and power.”
—BETHANY E. MORETON

UNDOING THE DEMOS
Neoliberalism’s Stealth Revolution
by Wendy Brown

“Brilliant and incisive… Brown has written a book that deserves to be widely read.” —BOOKFORUM

PORTFOLIO SOCIETY
On the Capitalist Mode of Prediction
by Ivan Ascher

“I have never seen restrained horror, gallows humor, and elegant prose so deftly combined in political theory.”
—FRANK PASQUALE
Disruptive Fixation
School Reform and the Pitfalls of Techno-Idealism
Christo Sims

“A first-of-its-kind addition to the field. Sims gives us a rich and nuanced picture of the everyday, even mundane ways that privilege and inequity insinuate themselves into an ambitious reformist project, often undermining intentions. He astutely and sympathetically shows how all involved often end up reproducing patterns and structures they set out to challenge.”
—T. L. Taylor, author of Raising the Stakes
