Teaching the Literatures of the American Civil War

Edited by Colleen Glenney Boggs

“[This] book stands as an implicit refutation of Whitman’s famous claim that ‘the real war will never get into the books’ and of Daniel Aaron’s more recent description of ‘the unwritten war.’ More important, it provides numerous points of access for instructors of this growing field.”

—Randall Fuller

Essays cover such topics as visiting historical sites; using digital materials, anthologies, soldiers’ dime novels, Confederate women’s diaries, songs, and speeches; teaching the themes of treason and brotherhood; and exploring the roles in the war played by women, slaves, and African American troops.
