“Like an antidote to amnesia, Scott’s meticulous, granular research vividly recreates the political weather of the 1970s. Here is a sidelined architecture history that returns as a missing link—eccentric stories in the emerging development of those networks, technologies, media, and advocacies of global governance that are of most consequence today.”

—KELLER EASTERLING, YALE UNIVERSITY

Without question *World Policy Journal* is in a class by itself.  
—Victor Navasky, *The Nation*

The journal is one of the few places where one can find fresh arguments by writers who know what they’re talking about on subjects where debate is scarce. . . . That’s a lot more influential than publishing big names on issues that have already been explored in great detail.  
—*New York Times*

The real intellectual competition to *Foreign Affairs*.  
—*Columbia Journalism Review*

Christopher Shay, editor

For over thirty years *World Policy Journal* has been home to both distinguished and emerging thinkers from around the globe. The journal’s articles cover the most pressing issues in global affairs, injecting new ideas into international debates on the world’s most pressing issues. The journal is known for lively, intelligent writing that challenges conventional wisdom with fresh perspectives on underreported issues.

*Published by Duke University Press on behalf of the World Policy Institute starting in 2016*
