New from Princeton

Aristotle’s Ethics
Writings from the Complete Works
Revised, edited, and with an introduction by Jonathan Barnes & Anthony Kenny
Edited and introduced by two of the world’s leading scholars of ancient philosophy, this is an essential volume for anyone interested in the ethical thought of one of the most important philosophers in the Western tradition.
Paper $22.95 978-0-691-15846-4

Locke on Personal Identity
Consciousness and Concernment
Revised Edition
Galen Strawson
With a new preface by the author
John Locke’s theory of personal identity underlies all modern discussion of the nature of persons and selves—yet it is widely thought to be wrong. In this book, Galen Strawson argues that in fact it is Locke’s critics who are wrong, and that the famous objections to his theory are invalid. Indeed, far from refuting Locke, they illustrate his fundamental point.
