Copyright 1969 by yale/theatre
Emphasis

The "bourgeois spirit" at every level of society consists in looking into the mirror, striking a pose to confirm one's social personality and thereby to keep what one has. Our aim, in front of that same mirror, is to obliterate ourselves daily in order to be reborn, to recover our virginity in order to be able to give more.

Jean-Louis Barrault
Atlas, December 1968
