A NEW TEXT FROM CHICAGO

This volume provides an indispensable introduction to the study of gender through an exploration of key terms that are a part of its everyday discourse. Written by a distinguished group of scholars, each essay presents students with a history of a given term and explains the conceptual baggage it carries and the kinds of critical work it can be made to do.

“Critical Terms for the Study of Gender provides sophisticated genealogies of concepts that have transformed scholarship in the humanities and social sciences over the past four decades. This volume demonstrates the importance of feminist and queer scholarship to an adequate understanding of the complexities of contemporary life.”

—Mary Hawkesworth, Rutgers University
