Sins against Nature
Sex and Archives in Colonial New Spain
ZEB TORTORICI
21 illustrations, paper, $26.95

“Sins against Nature offers a strikingly original contribution to the understanding of histories of sexuality in colonial New Spain. Zeb Tortorici’s supple readings of records of sodomy, bestiality, and masturbation reveal radically divergent orientations to knowledge, affect, and reason at the very heart of the colonial archive. This is a work of compelling historical scholarship—interdisciplinary, imaginative, meticulous, and critically self-reflexive.”
—Anjali Arondekar, author of For the Record: On Sexuality and the Colonial Archive in India

“Based on an astonishing amount of research that scholars will mine for decades (one wonders if Zeb Tortorici has gone to every single archive and library in all of Mexico), Sins against Nature is a rigorously argued work that takes the field to the next theoretical and methodological level.”—Pete Sigal, author of The Flower and the Scorpion: Sexuality and Ritual in Early Nahua Culture

Queer about Comics
A special issue of American Literature (90:2)
Darieck Scott and Ramzi Fawaz, issue editors

This special issue explores the intersection of queer theory and comics studies. The contributors provide new theories of how comics represent and reconceptualize queer sexuality, desire, intimacy, and eroticism, while also investigating how the comic strip, as a hand-drawn form, queers literary production and demands innovative methods of analysis from the fields of literary, visual, and cultural studies.

Contributors examine the relationships among reader, creator, and community across a range of comics production, including mainstream superhero comics, independent LGBTQ comics, and avant-garde and experimental feminist narratives. They also address queer forms of identification elicited by the classic X-Men character Rogue, the lesbian grassroots publishing networks that helped shape Alison Bechdel’s oeuvre, and the production of black queer fantasy in the Black Panther comic book series, among other topics.
